**OVER 100 YEARS OF CONTINUOUS SERVICE**

*Modern Equipment-*

FOR PRISONS,

REFORMATORIES,

JAILS AND MENTAL HOSPITALS

## JAIL BUILDING COMPANY

**Experience** Practical knowledge covering design and fabrication of jail equipment now in the files of the Company was accumulated during a period of 100 years by men rich in experience who have been and are, associated with the Pauly Company for many years. Major improvements in detention equipment were originated and developed through their efforts and have been incorporated in cells and jail furnishings purchased by various Municipal, State and Federal Agencies.

**Consultation Service** Sketches, Details and Specifications for modern arrangements of cell equipment based on Security, Safety and Sanitation will be prepared by our Engineering Department upon receipt of preliminary information from the Architect or Engineer. This service involves neither charge nor obligation.

**Special Materials and Furnishings** Tool resisting steel bars and plates are recommended for all exterior sides forming felon cells, window grilles and exterior doors.

Consultation and observation panels or wickets, seats, tables, benches, bunks, vents, shelves, clothes hooks and electric light boxes are the usual accessories furnished with cell equipment.

**Locking Equipment** Pauly semi or fully selective device for sliding or hinged cell doors. Automatic corridor locking mechanism with special safety deadlock. Automatic handpull sliding door locks for police station cells. Manual or mechanical individually or gang operated devices with special locking features for controlling one, any group, or all doors from control station.

**Sanitation** Proper arrangement of plumbing fixtures including specially designed and constructed shower enclosures.

Stainless steel tables and seats for penitentiary and reformatory cafeterias.
